

CMA elevates and supports essential data, analytics and workflow requirements of health and human service programs within the public sector. Over the past four (4) decades we have implemented, maintained, and optimized mission-critical IT systems, applications, and solutions—transforming government initiatives and outcomes. Having conducted thousands of technology-oriented consulting engagements across 15 states, our extensive range of offerings include:

- Industry Solutions
- Consulting Services
- Professional Services
- Technology Products

## INDUSTRY-LEADING DATA & ANALYTICS SOLUTIONS THAT IMPROVE MEDICAID SERVICES

Our modern Medicaid Enterprise Systems (MES) foster multiple, best-in-class, interoperable solutions for Health & Human Services. By partnering with CMA, states are empowered through data analytics. Interpreting patterns and gaining insights improves outcomes of present and future program and policy strategies.

CMA's data-centric focus and flexible architecture supports 'best-of-breed' technology and harnesses real value from Medicaid data ensuring successful program delivery.

Recognized on a national stage for a collaborative approach, CMA's solutions provide immense value-add to our client's mission. States realize the promise of their Enterprise Data Warehouses (EDW) and Data Analytics with a strong evolutionary paradigm for long-term program support.

CMA provides a robust repository for our Medicaid clients that serves as the 'single source of truth' necessary to deliver mission-critical objectives. With more than 20 years of Medicaid analytics experience, CMA's solutions have enabled client program initiatives across multiple states, agencies, and platforms:

- Development, Implementation, and Operation of the New York State Medicaid Data Warehouse (MDW) and AI initiatives leveraging Mosaic Insights.
- Enterprise Health and Human Services (HHS) Data Warehouse for the New York City Human Resources Administration (HRA), and
- Pharmacy Analytics Consulting for Ohio Dept. of Medicaid (ODM), and New York State Office of Health Insurance Programs (OHIP).
